SKILLS

- Languages:** Python, Bash
- Web Technologies:** HTML, CSS, JavaScript
- Toolkits:** LiveKit (WebRTC), Socket.IO, WebSockets, Git, GitHub
- Cloud & DevOps:** Linux, AWS, Cloud Computing, Docker, Kubernetes, Apache CloudStack
- CS Fundamentals:** DSA, OOPS, Computer Networks, DBMS, Operating System
- Soft Skills:** Problem-Solving, Cross-Functional, Team Collaboration, Analytical Thinking, Time Management `

INTERNSHIP

- Prishal Technolabs | Linux System Administrator Intern | [Link](#)**
Jun 2026 – Jul 2026
- Configured and managed Linux (Ubuntu) server environments and UFW firewalls using Bash to streamline internal workflows, improving operational efficiency by 20%.
 - Executed server maintenance, user account administration, and automated backup routines utilizing shell scripts and SSH, reducing manual processing time by 30%.
 - Monitored system logs and performed routine security audits across enterprise environments using Ubuntu and Git, accelerating issue resolution for 15+ internal users.

PROJECTS

- CallIQ (Real-Time WebRTC Contact-Center Platform) | [Link](#) | [GitHub](#)** June 2026 – July 2026
 - Engineered a browser-based contact center replacing legacy telephony with instant, one-click voice and chat routing driven by a digital product catalogue.
 - Developed using Next.js 14, Node.js, Express, Supabase (PostgreSQL & Storage), LiveKit Cloud (WebRTC), Upstash Redis, and deployed via Render.
 - Implemented advanced real-time features including presence-based queue routing, supervisor listen/whisper/barge controls, dynamic PDF quotations, and live analytics dashboards.
- File Compression Utility (Huffman Coding Engine with Web Interface) | [Link](#) | [GitHub](#)** June 2026 – July 2026
 - Engineered a comprehensive Inter-Process Communication system pairing a low-level C backend with a modern Next.js web dashboard and secure token authentication layer.
 - Developed the web management interface using Next.js 16, Tailwind CSS, Radix UI, Recharts, OpenSSL, and TypeScript.
 - Enabled real-time monitoring of pipes, message queues, and shared memory backed by SHA-256 hashing and AES-256 encryption, enhancing data security and boosting system execution speed by 20%.
- Medicare (AI-Powered Healthcare Companion) | [Link](#) | [GitHub](#)** April 2026 – May2026
 - Built a safety-first healthcare assistant tailored for everyday wellness, prescription documentation analysis, and emergency support utilizing Python, Flask, Groq API, and Llama 3 8B.
 - Combined Vision Models, Flask-Limiter, PyPDF, JavaScript, HTML5, CSS3, and Git to build an interactive frontend and optimize asynchronous document parsing.
 - Implemented a deterministic pre-LLM emergency SOS safety guardrail and secured multi-modal prescription parsing, reducing parsing error rates by 30% and ensuring real-time reliable health insights.

TRAINING

- Basic of DSA | Centre for Professional Enhancement | [LPU](#)**
June 2026 – July 2026
- Completed an intensive skill development training program focused on core data structures, algorithmic problem-solving techniques, and logical optimization.
 - Data Structures & Algorithms, Problem-Solving Methodologies, Analytical Programming.

CERTIFICATES

- Oracle Cloud Infrastructure Foundations Associate | [Oracle](#) July 2026
- Oracle AI Certification | [Oracle](#) May 2026
- AWS Academy Cloud Foundations | [AWS Academy](#) Jan 2026 –May 2026
- Cloud Fundamentals with Proctored Exam | [Coding Tantra](#) March 2025
- Linux Shell Scripting | [Skillera](#) November 2024

ACHIEVEMENTS

- Hack-a-Throne (Code-A-Haunt 2.0) | [Coding Blocks LPU](#)** February 2025

Participated in a State-Level Inter-University Hackathon organized by Coding Blocks LPU, showcasing problem-solving and coding skills.

EDUCATION

- Lovely Professional University** Phagwara, Punjab

Bachelor of Technology - Computer Science and Engineering Since August 2024
- Swaraj Senior Secondary School** Alwar, Rajasthan

Intermediate: Percentage: 80 April 2022 - March 2024
- D.A.V Public School, BSEB Colony** Patna, Bihar

Matriculation: Percentage: 70 April 2021 - March 2022
